EXPERIENCE

Lead Project manager and implementation

2012 – 2019

Parsemony Inc.

Oakland, Ca

Built and maintained workstations, networks, and server infrastructure for more than 2 dozen produce companies in the bay area.

Test online ordering apps for each customer.

Deployed our software solution from beginning to end for new customers. Setup in house servers, cloud servers, and website hosting for online ordering.

Key Accomplishments:

- Promoted quickly with more responsibilities while maintaining quality of work for many customers.
- Started with computer hardware and in less than a year was focusing more on software.
- Promoted to lead software implementation specialist.
- Project manager and head of online ordering testing.

EDUCATION
